CMTC Launches a New Speakers Bureau

TORRANCE, CA –[California Manufacturing Technology Consulting](http://www.cmtc.com) has launched an exciting new [Speakers Bureau Program](#) to help local associations who have members in the manufacturing industry get the in-depth information necessary to make their association programs and events successful. [CMTC](#), a leader in providing consulting services to Southern California manufacturers, has a wealth of talented consultants who every day help companies trim costs, save energy and improve profitability. [CMTC](#) is now sharing their expertise with associations who plan events throughout the year in the Southern California area.

The Speakers Bureau is made up of key [CMTC](#) consultants, who have decades of experience in key manufacturing areas such as Lean, Quality, Six Sigma, IT Management, Energy Savings and Efficiency, and even Bilingual capability. Working alongside plant managers, technicians, and upper management to improve productivity and efficiency, the Speakers Bureau experts have the on-hands expertise and offer the associations topical information about real-world manufacturing issues.

Topics such as, “The Five Challenges Facing Manufacturing”, “Energy Savings Through Process Improvements”, “Use Value Stream Mapping to Reduce Your Costs” and “Developing Growth Strategies” are samples of areas of expertise.

[CMTC](#) is able to customize its topics to particular audiences and can provide experts to speak on everything from a one-hour meeting to a full-day conference. Contact Marketing Manager, Ellen McKewen at emckewen@cmtc.com for more information about scheduling a CMTC speaker for your event or seminar throughout the coming year.

ABOUT CALIFORNIA MANUFACTURING TECHNOLOGY CONSULTING

A private, nonprofit corporation, CMTC was established in 1992 to provide high value consulting services to California’s high tech and traditional small and medium-size manufacturers to increase their competitive advantage through improved methods of management and manufacturing. Today, through its regional teams, CMTC provides consulting services in the practice areas of Strategic Business, Lean Enterprise, Information Technology, Energy Services, Quality, Distribution and Supply Chain Management. CMTC’s regional teams cover Los Angeles, the Inland Empire, Orange County, Ventura/Santa Barbara County, the San Fernando/San Gabriel Valley, the San Joaquin Valley and San Diego/Imperial County. For more information, visit www.cmtc.com.
