

DELTA®

COMPANY HISTORY

Delta Tech Industries, LLC over the last three decades, has gained recognition as an American world class automotive lighting manufacturer, offering over 100 models of auxiliary lights, headlights, light bars and accessories.

Delta Tech was founded and incorporated in 1978 by Bogdan Durian under the name of Durimex, Inc. with its offices in Anaheim, California, USA. By 1983, the company's primary focus was on contract manufacturing of private labeled auxiliary driving and fog lights for major US light manufacturers. Durimex was producing for Sylvania, NAPA's distribution network, Federal Mogul (Signal-Stat Brand), R.E. Dietz, Grote and Truck-Lite.

In the year 2000, the company has changed its name to Delta Tech Industries, LLC with its new focus and mission statement to design and manufacture the most advanced lighting equipment for the automotive aftermarket industry and vehicle specific markets. The company's profile changed from contract manufacturing of private brands to home brand "Delta" and this is when Delta brand was born.

Armed with our new mission statement to design and manufacture world class lighting to meet or exceed SAE or ECE standards of quality and consumer satisfaction, Delta had positioned itself for the next growth spurt. We will strive to continue our mission to bring more and more exciting vehicle specific products to our performance driven customers. With our automotive lights and light bars being assembled under our roof using the best components available in America and Europe, Delta is the brand you can trust for quality.

Delta Tech Industries caters to more market segments in the automotive aftermarket than any other leading light company. In addition, Delta Tech Industries has been expanding its reach to other markets such as; Industrial, OEM and Military. The company has been on a non-stop growth spurt since it began marketing its own brand and the results have been amazing. Today, Delta Tech Industries continues to be the most innovative company in the performance lighting industry...and our lineup of new products proves it. From designing, through testing and modern production process – Delta delivers "World Class Lighting Technology"™

Bogdan Durian, President & CEO

Over three decades of innovations and pursuit of technological perfection...
