

Cal/EPA Department of Toxic Substances Control

in association with

Metal Finishing Model Shop Program

present this 2011 Model Shop recognition to

Electronic Precision Specialties Incorporated

The California Environmental Protection Agency Department of Toxic Substances Control wishes to recognize and commend Electronic Precision Specialties Incorporated as a Metal Finishing Model Shop for their exemplary implementation of pollution prevention measures and their commitment to achieving compliance with environmental multimedia regulations.

Given this Thirtieth day of November, Two Thousand and Eleven.

Debbie Raphael

Director

Department of Toxic Substances Control

Department of Toxic
Substances Control

In Recognition

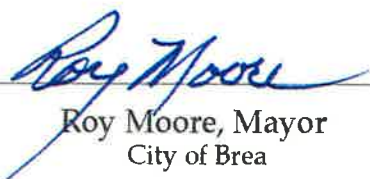

Metal Finishing Model Shop Recognition

Presented to

Electronic Precision Specialties, Inc. (EPSI) Brea, California

On behalf of the Brea City Council and the Brea Community, congratulations to Electronic Precision Specialties, Inc. (EPSI) for reducing their environmental impact by participating in the Metal Finishing Model Shop Program developed by the Cal/EPA Department of Toxic Substances Control. EPSI exceeded the requirements of this program and achieved Model Shop Status. EPSI is a valued Brea business who has demonstrated their good citizenship in voluntarily preventing pollution by choosing to run a cleaner and safer shop. We wish much continued success in Brea.

Roy Moore, Mayor
City of Brea
