## Allied Electronic Services

is a full service provider of high quality, high value products, for quick turn proto types to large volume production of Rigid, RigidFlex and Flexiable printed circuit boards. Serving Telecom, Aerospace, Automotive, Medical, Defense and Commercial sectors. Our unprecedented customer support and service is ever ready, let us be

**“Your Partner from concept to completion”**

- Single Sided Flex
- Double sided Flex
- Multilayer Flex
- Rigid Flex
- Book Binding R-Flex
- Controlled Impedance
- DFM (Design for Manufacturing) Engineering Involvement
- 1/8 oz copper and above
- 1/2 mil Flexible dielectric substrates
- 3mil rigid dielectric substrates
- 3mil line and spacing
- Heat Sink Bonding
- Selective plating
- RF/EMI shielding
- Kapton / FR -4 /AI Stiffener
