CMTC Adds Kathleen Webber to Assist Manufacturers With Strategic Business Solutions in the San Diego Region

TORRANCE, CA – [California Manufacturing Technology Consulting](http://www.cmtc.com)[®] (CMTC) has added a new staff consultant to their team. Kathleen Webber is an accomplished professional with over 30 years of experience including 10 years in small manufacturing company operations management. She has worked in multiple industry sectors in manufacturing, from operations to business development, marketing and consulting. Kathleen will help manufacturers develop strategic plans and set a direction with actionable solutions to solve business problems, and grow profitability.

Ms. Webber's ability to develop, articulate and implement strategic plans to solve difficult business problems has paved the way for successful implementation of daily strategic operational goals. Her focus will be to provide a vision, framework and direction that provide actionable solutions for manufacturers.

"Kathleen's location in the San Diego region will offer CMTC the ability to expand solutions to all manufacturers in that region," stated Cheryl Slobodian, Director of Operations for CMTC. "In addition, her experience in manufacturing and her overall knowledge of the manufacturing industry will add significant expertise to our existing team," continued Ms. Slobodian.

Currently, Kathleen is working with several companies in the San Diego area including [Surface Optics, Inc.](http://www.surfaceoptics.com), [Budwig Company](http://www.budwig.com), [Sperry West](http://www.sperrywest.com) and [CoverCo Inc.](http://www.coverco.com)

ABOUT CMTC

A private, nonprofit corporation established in 1992, CMTC is the Southern California affiliate of NIST MEP, under the Federal Hollings Manufacturing Extension Partnership (MEP) program, a network of more than 60 centers across the country that provides assistance to small, medium and large manufacturers. CMTC serves Fresno to San Diego/Imperial County. CMTC and Manex represent the MEP system in California and work in close collaboration on all manufacturing issues and opportunities within the State of California.
