

CMTC Services & Capabilities

Delivering Manufacturing Solutions

CMTC creates concrete solutions for your company from “C” Level to the shop floor. Our experienced consultants specialize in developing solutions, not reports. We strive to build a lasting relationship with your organization through a deep understanding of your company’s structure and business strategies. We can help you with:

**Continuous
Improvement
& Productivity**

**Profitable
Growth**

**Employee
Recruitment
& Retention**

**Product
Innovation
& Development**

“CMTC’s strategic assistance is crucial for California manufacturers looking to grow. With CMTC’s expertise, we were able to improve efficiencies, realize cost savings, and develop a new marketing strategy which resulted in new customers and sales.”
—Ed Warner, COO, ADF Visual

“Thanks for the tools and techniques that CMTC introduced us to during the Innovation process, we now have a higher level of creativity that we will use to better serve our customers.”
—David Flatten, President,
Inland Powder Coating
