- Top export markets for California are Mexico, Canada, China and Japan

Let ExporTech Show You the Way

"ExporTech is an integral part of Mayor Garcetti's export program. We chose to partner with the Department of Commerce and CMTC to deliver ExporTech in Los Angeles due to its great success in increasing manufacturers' export sales."

Eric Eide, Director of International Trade
Office of Mayor Eric Garcetti

EXPORTECH™

The *only* national program that
helps individual companies develop an export plan.

How Does ExporTech™ Work?

- Execution driven, with a team of partners who make it easier to go-to-market and implement the plan
- Group workshops are combined with an individual coach for each company, leading to an export plan in 9 weeks
- Peer group model, limited to leaders from 6-8 companies, that maximizes impact and propels action
- Amplifies the impact of other export programs, helping companies get the most out of tradeshow, Gold Key services, country visits and trade missions
- Jointly offered nationwide by the National Institute of Standards and Technology's Manufacturing Extension Partnership program and the U.S. Export Assistance Centers of the U.S. Department of Commerce

ExporTech™ Program Cost

\$5,000 per company (for 2 executives per company)

CMTC ExporTech Scholarship

Initial commitment is only \$750 (refunded after Team completes Session 1).

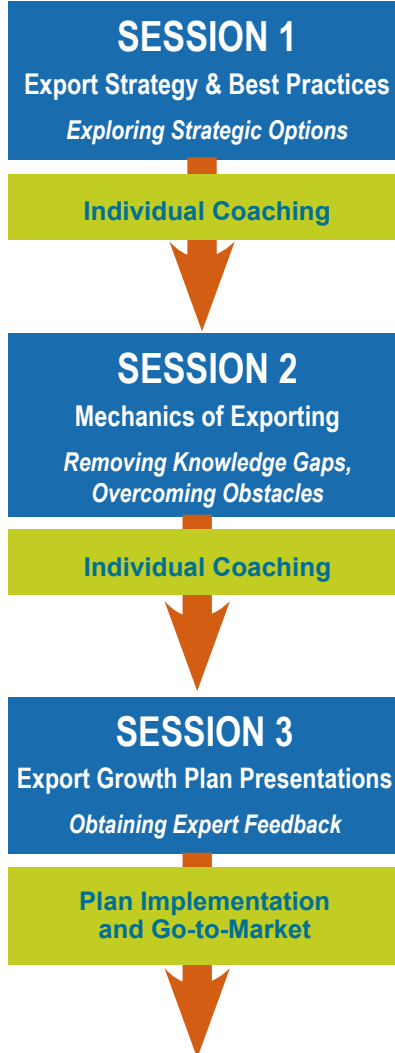

After one year of having implemented your export growth plan, if your company has generated a minimum of \$100K in additional export sales, we ask that you provide a \$5,000 ExporTech scholarship to another manufacturer to assist them with their export efforts.
